New Feature: Online Additional Processing

We are pleased to announce a new feature on our Online Account Browser. This new feature will simplify the processing of Additional Premiums (Debit Endorsements).

How does it work?

Once you login to your Online Account Browser and look up an account, a new green button labeled "Additional Quote" will show next to each policy that fits our criteria for a possible additional.

If you click on this button, a window opens and asks for the following:

Broker's Name
Amount of Additional
Tax
Effective Date

Once the above is filled in, click on the Request Quote button and a printable contact will appear. You can print this screen, sign the contract, and **send it to IFS**. The program will indicate whether a down payment or a customer signature is required.

What are the limitations?

We cannot process additional under \$100.00

We cannot process additional with less than 3 payments remaining.

Feel free to call our office at (902) 481-6106 or toll free at 1-800-565-1153 if you have any questions on how the new system works. We hope this feature makes processing additional easier and more efficient.
